€7 Million

FORMOBILE is an EU-funded project aiming to create an **end-to-end mobile forensic investigation chain for mobile** devices and strives to improve digital safety and security in the EU.

## What FORMOBILE has achieved?

Rapid Retrieval of Digital Evidence

Decoding Retrieved Data

Analysis & Validation

## Tools

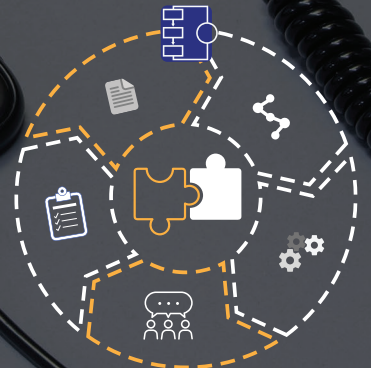

The FORMOBILE Project has worked on **12 innovative tools for LEAs.**

## Standard

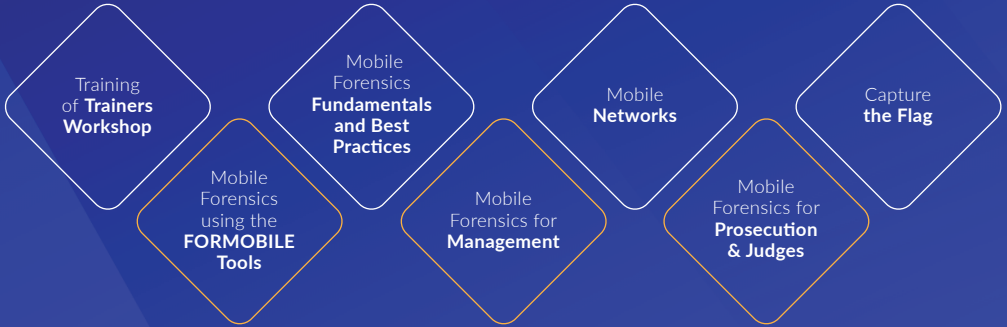

A pivotal result of FORMOBILE is the forerunner to a **European standard for the forensic investigation of mobile phones.**

The CEN Workshop Agreement (CWA) is a standardised process to support LEAs' daily activities.

To maximise the success of the FORMOBILE project, the LEAs and associated agencies needed to receive **training on the new tools and standard and relevant mobile forensic skills**. The specific courses produced include:

## Final Conference

The FORMOBILE Final Event is Planned for **28<sup>th</sup> - 29<sup>th</sup> April 2022 in The Hague, the Netherlands.**

## Join the meeting to:

Become **familiar** with the developed tools

Learn **more** about the CWA Standard

Find **out more** about the training courses

Participate in the Legal-related panel

**Register**

## Stay in touch!
